OTHER IMPORTANT INFORMATION:

MEAL MAGIC

Armada Area Schools uses a computerized cash register system called "Meal Magic". This system allows us to confidently monitor student accounts, meal benefits, food allergies and food restrictions. High School and Middle School students will use their ID card or enter their student ID number on a key pad to make purchases of meals and a la carte items. Elementary students either use an Id card or are identified by name. Students need to have their ID and money ready when they reach the cashier.

PAYMENTS

Recommended form of payment for meals is by check or online debit/credit card, but cash is also accepted. If sending a payment to the school, please put it in a sealed envelope with the student's name, grade and the amount of the deposit on the front of the envelope. Deposits can be accepted for a family if the individual student names and schools are listed. No change will be given from a deposit. Our point of sale system supports a history of deposits/sales for each student for the current school year.

PAYMENTS/MEAL TRANSACTION REPORT

Prepay meals with deposits made online at e-Funds for Schools. This site also allows you to deposit money in your student's account, view account balances, and view meal purchases within 24 hours. There is a transaction fee to deposit money, but it is free to view your child's meal transactions and reports. In order for you to access this account, you will need to set up a free account and obtain your student's ID number. Please call your school office or the Food Service Department at (586) 784-2666 to obtain the ID number. Transactions may take up to 15 minutes to be posted to a child's account. If you would like to restrict the amount of money your child spends on a daily basis or you would like to restrict their snacks, you may do this from the website or please contact the Food Service Office.

CHARGING POLICY

No credit is available for student meals. Deposits can be made to the student's account at any time to provide your student with a full lunch when they forget their lunch money or brown bag lunch.

FREE/REDUCED APPLICATIONS

Www.lunchapp.com is a website where you can apply for free or reduced-price meal benefits. This is a faster way to get approvals. However, paper applications are available in every cafeteria and school office. Applications are accepted at anytime throughout the school year.

PREVIOUS 2016/2017 SCHOOL YEAR BENEFITS

Students who were eligible for free or reduced price meals at the end of the 18/19 school year at Armada Area Schools will automatically be eligible for meals at the beginning of the 19/20 school year until October 14, 2019. After that date, a new application must be processed and approved in the Food Service Office. It may take up to 10 days to process an application before benefits become available. Families are responsible for paying for meals until their application is processed. Please submit new applications early to avoid cancellation of benefits. Parents and/or guardians will be notified by US mail as to the student's eligibility.
