November 16, 2020

Dear Armada Area School Families,

To keep our families informed, we are sharing the following information. We have learned that a middle school student has tested positive for COVID-19. The student was last in school on Wednesday, November 4, 2020. We have completed contact tracing and no other student or staff member will have to self-quarantine for 14 days.

We have worked closely with the Macomb County Health Department and the district is following their guidelines and protocols. The guidelines require an individual that is exposed (less than six feet for greater than 15 minutes in a 24-hour period) to a person with COVID-19 to self-quarantine at home for 14 days. In this specific case, the student will be able to return to school on November 30, 2020, as long as he/she does not have any COVID-19 symptoms.

We have now had 12 students (out of 1,717 or 0.7%) test positive for COVID-19. We had one case in September, four in October, and seven in November.

If you have any questions, ideas, or concerns, my door is open. I can be reached via email at mmusary@armadaschools.org . Please stay safe.

Sincerely,

Michael G. Musary, Ed.S.
