

## **Linda Roose**

I have two sons, Luke and John, both graduates of Armada. I also have two stepsons, Matthew and Mark. My family has grown over the past five years with the addition of four daughters-in law and three wonderful grandsons.

I moved to Armada in my junior year of high school. I graduated from Armada High School in 1974, never dreaming the same building would become my workplace. After graduation I attended a local community college only to find myself unsure of what career path I wanted to take.

When my sons were little, I realized that I had a passion for teaching. I began taking classes at the University of Michigan –Flint campus and graduated in 1991. The following year I began my teaching career at Armada Middle School.

Outside of the classroom I enjoy spending time with my family and friends. I also enjoy bowling, golfing, cooking and traveling the United States. We recently purchased a cottage in Caseville where I enjoy spending weekends on the water and relaxing around a campfire.
