

# Armada Area Schools

## INTRODUCING AMA<sup>2</sup>S

Armada Area Schools is proud to announce the opening of the “**Armada Middle Academy of Arts and Sciences**” for the 2008-2009 school year. Students in this accelerated half-day regional middle school program will undertake rigorous science and mathematics coursework in a unique hands-on learning environment. Classes will be held in Armada’s newly renovated middle school. The program will open initially with 50 sixth grade students.

### Program Highlights

- hands-on, interactive, interdisciplinary approach to learning (modeled after Armada’s internationally-recognized MA<sup>2</sup>S)
- state-of-the-art technology and science labs
- competitive robotics team
- student-designed research activities
- opportunities for independent study
- unique blend of students from various districts
- opportunities for advanced high school credits
