Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2023-24 educational progress for Armada High School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Armada High School Principal, Andrew Kastl, for assistance.

The AER is available for you to review electronically by visiting the following website <https://www.armadaschools.org/>, or you may review a copy in the main office at your child's school.

For the 2024-25 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2023-24. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2021-22. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state, had a graduation rate at or below 67%, or failed to exit ATS status in 2021-22. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school was not identified with a label.

The 2023/24 school year was a year that was focused on aligning curriculum and ensuring that all students had access to both academic and social-emotional supports when needed. Armada High School continued with Common Core Standards and curriculum alignment in all classes and continued to work to grow our learning opportunities for students. Staff continued to focus on evidence based instructional strategy implementation and aligning student learning outcomes to competency-based learning models.

The Armada Advantage: Achievement, Community, Innovation

State law requires that we also report additional information.

1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL: Armada High School operates on a trimester schedule. Students are placed according to grade level curriculum credit requirements and student interests. 2. THE STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN: Armada High School has developed an annual school improvement plan to close the achievement gap among our students in all the core teaching areas. Our school improvement plan targets the areas of math, reading and writing, grading and reporting practices, and relationships
3. A BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL: Not Applicable
4. IDENTIFY HOW TO ACCESS A COPY OF THE CORE CURRICULUM, A DESCRIPTION OF ITS IMPLEMENTATION, AND AN EXPLANATION OF THE VARIANCES FROM THE STATE'S MODEL: Armada High School utilizes Common Core Standards in both Mathematics and Language Arts. The Next Generation Science Standards (NGSS) and the state standards in social studies are being implemented in their respective courses, as well.
